

Accounting Services Manager - MarksNelson

About the job:

Would you like to be part of the largest privately-owned Kansas City public accounting and business advisory firm? Are you looking for work that is challenging and gives you a sense of accomplishment—and offers flexibility to balance your work and personal life? At MarksNelson, you'll work alongside subject matter experts with some of the strongest accounting, technology, and business skills in the market. At the same time, you'll be part of a winning culture and thriving workforce. Come with us and we'll help you move your career forward at a pace that is right for you.

We have an opening in our Accounting Services team for a full-time Manager. If you are an organized, detail-oriented individual who is looking to build upon your experience, this may be the perfect opportunity for you. As a Manager, you'll be responsible for planning and performing accounting services for assigned clients and serving as a leader within the department. You'll identify business process risks and improvements and recommend changes and enhancements to existing policies and controls to make sure they are current, adequate, functional, and utilized in accordance with standards established by the Firm. You'll manage a team, reviewing their work and providing guidance.

What you'll be doing:

- Reviewing financial statements and compilations prepared by staff
- Reviewing adjusting journal entries and account reconciliations
- Reviewing payroll, sales, use, and personal property tax returns
- Reviewing account schedules and work paper documentation for accuracy, completeness, and support
- Reviewing fixed asset records and depreciation schedules, including the analysis involved with new asset purchases
- Working directly with clients either onsite or remotely to assist with various accounting issues, questions, and open positions
- Collaborating with other department team members to ensure we are meeting and exceeding our service commitments to our clients and staff
- Monitoring deadlines for compliance reporting on multiple recurring projects
- Researching, identifying, presenting, and defending positions on new presentation issues
- Completing software and training programs as required
- Providing proactive advisory and consulting services
- Providing overall leadership, supervision, training, and performance feedback to staff
- Identifying opportunities and recommending methods to improve service and work processes
- Servicing consulting engagements with large private and public companies on an as needed project basis
- Creating new business opportunities by expanding existing client relationships, developing personal networks, and participating in industry and trade associations
- Understanding components of pricing proposals and billing arrangements, as well as collection management

What you'll bring to the role:

- Bachelor's degree in Accounting is required
- Licensed CPA
- At least 6 years of recent public and/or private accounting experience
- 2-3 years of supervisory experience
- Knowledge of payroll and sales tax
- Knowledge of QuickBooks Desktop, QuickBooks Enterprise and QuickBooks Online is preferred
- Industry experience in real estate, construction, or manufacturing is considered a plus
- Requires reliable transportation and a valid driver's license
- In-depth understanding of generally accepted accounting practices (GAAP) and standards
- Ability to review company documentation to complete work in a timely and proficient manner, with consideration of client or government driven deadline
- Ability to research potential solutions for various client questions and accounting treatment within company documentation and authoritative guidance
- Strong technical knowledge in select areas (payroll, accounting, financial statements, etc.)
- Effectively work with new and changing situations including new industry regulations, where a readily apparent solution may not exist
- Recognize issues and concerns from the perspective of the client and department staff
- Effectively present results to the client and partners
- Ability to build relationships while asking tough questions
- Strong communication and writing skills, including the ability to communicate solutions to complex accounting issues to business owners
